

Wings - Sanctioned Division

ON-X NATURALS

Competitors will be judged on the Creativity and Complexity of your costume first, and then will be judged on physical appearance and poise, in both individual and comparison rounds. Competitors will perform a Box walk in both Pre-Judging and Awards. Below is a breakdown of the Wings Division with details regarding proper competition attire, presentation and mandatory posing. Wings is a Division that can host an array of physiques from Figure to Bikini Competitors.

***Required Suit A 2-piece bikini and Angel Wings of any style (Does NOT necessarily need to be wings.**

Pro and Open Classes ONLY

Competitors will all be on the same class (either Pro or Open) and will NOT be divided based on height.

JUDGING

The Judges will be looking for a combination of these 2 objectives:

- **Costume**

Based on a bikini, (two or one piece, no G Strings) the costume can resemble that of angel (wings), carnival, peacock or a showgirl Las Vegas type costume. Feathers and frills, tulle, sequins, anything that is feminine and “over the top” that the competitor has always dreamed of wearing, glitz, bling, and glamour is the key. You will need to display your creation with poise and confidence.

- **Stage**

Each competitor will preform the BOX WALK. They will then proceed to line up at the back of the stage until every competitor has had their turn to show their creation.

Comparison Round

Competitors will be called out individually or as a group, depending on the numbers in the class.

Symmetry

Display a balanced physique

Muscularity

Not overly muscular

Conditioning

No striations/vascularity

Presentation

Classy, poised, confident • Remember, this is open to Wellness, Bikini, Athletic and Figure competitors. This is not judged entirely on the physique e.g. a six pack abdominal region is not necessary, it's more about what you bring to the stage with your presentation and personality and then physique.

Beauty

Overall cosmetic appearance, photogenic, skin tone, personality.

Poise and General Impression

Overall grooming, personality, self-assurance, composure and walk.
